

Shopping and services around S11, S7 and beyond during the coronavirus crisis

Update 4 April – new additions! Please check websites or call before visiting.

I've made a list of local shops and services, mainly food related (many of which offer either delivery or collection), and some extras such as online pharmacies and food bank information. I'm also starting to add restaurants which have closed but are offering takeaway or delivery (but not the usual takeaways we all know). This document is constantly updated at this link:

So if you print it just check for updates via the link.

Thanks! Judith Rossiter.

Before you start, you may want to check these links. Lists of businesses offering food deliveries and takeaways. Some of them are on my list already, but there are more I haven't included such as businesses and services a bit further away.
